NOTES: _____

200W CONSTANT VOLTAGE HARDWIRE DRIVER

ITEM#: DVR-HWB-CV-24DC-200W

• Production Description

Commercial grade constant voltage Triac dimming hardwire driver. For use with 24V DC lighting Product.

• Product Features

- Fully isolated aluminum casing.
- Universal AC input 120V - 277V.
- Short circuit/overload protection.
- Triac and magnetic low voltage dimming.
- Suitable for dry or damp locations.

Product Specifications

Size (LXWXH)	9.5" X3.5" X 2.0"
Input Voltage	120V - 277V AC, 50 - 60Hz
Output Voltage	24V DC
Wattage	200W
Rated Current	8.33A
Dimming Compatibility	Triac and magnetic low voltage
Minimum Load	5%
Maximum Load	100%
Short Circuit Protection	Hiccup mode recovery
Overloading Protection	≤120%
Operating Temp.	-25°C to 45°C
Class II Rating	No
Location Listing	Damp
Certification	
Warranty	5 years
